

Read Online Shogun Axelo Malaysia

Eventually, you will totally discover a new experience and endowment by spending more cash. yet when? complete you take that you require to get those all needs considering having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will lead you to comprehend even more approaching the globe, experience, some places, with history, amusement, and a lot more?

It is your utterly own time to deed reviewing habit. in the midst of guides you could enjoy now is **shogun axelo malaysia** below.

1001 Bikes to Dream of Riding Before You Die-Chris Boardman 2017-01-03 1001 Bikes to Dream of Riding Before You Diecelebrates the designs and individual stories behind the world’s most influential, ground-breaking and high-profile bicycles.

Automotive Diagnostic Systems-Keith McCord 2011 Keith McCord recounts the history of automotive onboard diagnostic systems and creation of the rudimentary OBD I systems and the development as well as the evolution of OBD II. Currently, OBD-II (OnBoard Diagnostic II) is the standard of the industry, and this book provides a thorough explanation of this system. It details its main features, capabilities, and characteristics. It shows how to access the port connector on the car, the serial data protocols, and what the serial data means. To understand the diagnostic codes, the numbering system is defined and the table of common DTCs is shown. But most importantly, McCord provides a thorough process for trouble shooting problems, tracing a problem to its root, explaining why DTCs may not lead to the source of the underlying problem, and ultimately resolving the problem.

BMW Airhead Twins-Phil West 2020-02-24 No motorcycle manufacturer is more closely associated with one type of engine than BMW: the air-cooled boxer twin or 'airhead'. It was included in BMW's very first motorcycle in 1923 and virtually every machine the company made, of every type, from radical road bike to TT winner, to land speed record holder, to 1970s style icon and even to the creation of an all-new adventure bike class with the R 80 G/S, right up to the mid-1990s. Phil West celebrates the success of the BMW airhead twin motorcycles. This book, with over 290 photographs, includes a history of the company pre- and post-War; the personalities behind the development of the bikes; profiles of each of the 'R' bikes in turn, including detailed specification guides and production numbers. These wonderful machines are regularly celebrated and now BMW itself is harking back to them with an all-new series of machines.

Fuel Systems for IC Engines-Institution of Mechanical Engineers 2012-03-06 This book presents the papers from the latest conference in this successful series on fuel injection systems for internal combustion engines. It is vital for the automotive industry to continue to meet the demands of the modern environmental agenda. In order to excel, manufacturers must research and develop fuel systems that guarantee the best engine performance, ensuring minimal emissions and maximum profit. The papers from this unique conference focus on the latest technology for state-of-the-art system design, characterisation, measurement, and modelling, addressing all technological aspects of diesel and gasoline fuel injection systems. Topics range from fundamental fuel spray theory, component design, to effects on engine performance, fuel economy and emissions. Presents the papers from the IMechE conference on fuel injection systems for internal combustion engines Papers focus on the latest technology for state-of-the-art system design, characterisation, measurement and modelling; addressing all technological aspects of diesel and gasoline fuel injection systems Topics range from fundamental fuel spray theory and component design to effects on engine performance, fuel economy and emissions

GM Automatic Overdrive Transmission Builder's and Swapper's Guide-Cliff Ruggles 2008 Vehicle maintenance.

Weld Like a Pro-Jerry Utrachi 2015-06-15 Welding is an art and skill that's essential for automotive fabrication, repair, and vehicle upgrades, but it is also an important skill for countless household projects and industries. Some books show merely basic welding techniques with steel and cast iron. But this isn't your run-of-the-mill introductory welding book. In this revised edition of the previous title, Advanced Automotive Welding, Jerry Utrachi, past president of the American Welding Society, does show you how to perform basic welding procedures with steel and cast iron. But he also reveals advanced welding techniques and the use of aluminum, titanium, magnesium, stainless steel, and other specialty materials. Projects and techniques in this book focus on automotive applications but can also be used for welding a bicycle frame, welding a steel grill, or repairing the frame for a garden bench. TIG, oxyacetylene, arc, and wire-feed welding processes are covered, but special coverage is provided for stick and MIG. Welding butt and V-joints is explained plus welding more complex joints, including J- and U-joints, is also shown. Step-by-step instruction and exceptional detail give you the necessary information to tackle and complete complex welding jobs. Popular automotive projects, such as welding an electric fuel pump into an aluminum tank, repairing chromemoly suspension arms, and welding in floorpans, are thoroughly covered. And when it comes to repairing household items, specific projects such as repairing and modifying the steel tubing on an exercise machine, repairing a decorative bench, and more are covered. Rather than take a project to a shop, you can now do the job at home. Whether you're new to welding or a veteran welder looking to work with special materials or involved in a special project, you will find indispensable information within the pages of this book. Now you can confidently weld with steel, cast iron, aluminum, anodized steel, titanium, magnesium, and other specialty metals.

The Price of Sex-Belinda Brooks-Gordon 2013-06-17 As a society we are buying more sex than ever before. Adult sex shops now take their place amongst retailers in the high street and lap dancing clubs compete for an increased share of the leisure economy; hotel chains offer sexually explicit films as part of their standard service, the party selling of adult toys to women in their homes has become a mainstream activity; and at the traditional end of the sexual service economy, prostitution has experienced new growth. Along with this has come new legal measures and attempts to regulate the sexual leisure economy, and far more comprehensive plans than ever before to regulate prostitution, in particular in the form of the new Sex Offences Act. This book seeks to address the range of issues and contemporary debates on the sex industry, including the demand by customers who buy sex, the policing of women who work in the street sex industry, and the violence that pervades prostitution. It shows how these issues have been addressed in policy terms, the problems that have emerged in this, and how a social policy might be formulated to minimize harm and enhance public understanding. Overall the book aims to provide a critical perspective on prostitution policies and the legal chaos and complexities that surround this.

Buying and Maintaining a 126 S-Class Mercedes-Nik Greene 2017-03-31 The Mercedes 126 S-Class of 1979-91 remains the most successful premium class saloon in the company's history and is considered by many to be one of the best cars in the world. More than quarter of a century after the last one left the factory, close to a quarter of all 126s remain registered throughout the world. This book will enable you to avoid the most common pitfalls and faults that otherwise can ruin the ownership of a 'Sonderklasse'. Packed with the sort of advice only normally obtainable from years of experience, it will act as your own personal marque expert. Specifications and valuations are included along with a detailed guide to buying the best car at the right price, and finally, how to keep your 126 fresh and reliable. This practical and instructional manual will be a valuable addition to the bookshelf of anyone owning, or aspiring to own, a 126, and is fully illustrated with 250 colour photographs.

Mercedes Benz & Dodge Sprinter CDI 2000-2006 Owners Workshop Manual-Various 2012-10-14 Easy to follow step by step instructions & advice which enables the owner to carry out many jobs himself for the Mercedes-Benz Sprinter Van & Camper Diesel. Models covered: 208 CDI, 308 CDI, 211 CDI, 311 CDI, 411 CDI, 213 CDI, 313 CDI, 413 CDI, 216 CDI, 316 CDI, 416 CDI with the 2.2 & 2.7 litre CDI Diesel (types 611 DELA & 612 DELA) From 2000 to 2006 with the commom rail injection system. A total of 232 fully illustrated pages.

How to Paint Muscle Cars & Show Cars Like a Pro-Tony Thacker 2018-07-16 The value and collectability of muscle cars has never been higher. Models that sold for \$30,000 at auction 10 years ago are now going for quadruple that in many cases. The charts showing auction results, sale prices, and car value have a continuous upward trajectory. As such, some rare models of muscle cars are now valued in the realm of historically high-valued classic, sports, and show cars. Who would have dreamed that a Hemi 'Cuda convertible would be selling for Duesenberg or Ferrari money these days? Of course, when values of muscle cars increase to such an extent, the care and detail spent on restoration becomes vitally important, putting them into the exotic and show car realm. Naturally, the most visible aspect of a full-blown restoration is the paintwork. Veteran author Tony Thacker teams up with LA-based award-winning painter extraordinaire Mick Jenkins to bring you this complete guide to show-quality painting. Included is all the information on how to create a show-quality finish, including chapters on making a plan, the tools needed for the job, complete disassembly information, repair versus replacement decisions, metal prep, the latest and best paint products, application, custom finishes, and more.

Automotive Electronic Diagnostics (Course-1)-Mandy Concepcion 2011 With the ever increasing electronic content in today's vehicles, the need to be able to read automotive wiring diagrams is as important as knowing how to use the different equipments needed to perform diagnostic work. Reading wiring diagrams requires a bit of knowledge of electricity and experience. By knowing the laws and rules that govern electron flow, you can become very proficient at this endeavor. Feel free to play the DVD accompanying this book and referring back to so that you can absorb all the information. Good luck and enjoy. About the Author Mandy Concepcion has worked in the automotive field for over 21 years. He holds a Degree in Applied Electronics Engineering as well as an ASE Master & L1 certification. For the past 16 years he has been exclusively involved in the diagnosis of all the different electronic systems found in today's vehicles. It is here where he draws extensive practical knowledge from his experience and hopes to convey it in his books. Mandy also designs and builds his own diagnostic equipment, DVD-Videos and repair software. AUTOMOTIVE ELECTRONIC DIAGNOSTICS (Course 1) (Including How to Read Automotive Wiring Diagrams) Table of Contents - Introduction - Electron theory and atoms - Atoms and electrons - Like forces repel and unlike forces attract. - Electron Theory and Metals - What is current? - What is resistance? - Resistance in series and parallel - Resistance and Power - What is voltage? - Introduction to resistors? - What are transformers? - Current Flow Analysis - Switches and Relays

Automotive Detailing in Detail-Dom Colbeck 2017-02-06 Automotive Detailing in Detail takes the combined experience and expertise of three leading detailing commentators to provide a thorough and expansive overview of automotive detailing techniques. From the pre-wash, wash and preparation stages, through machine polishing to paint protection and maintenance, every detailing issue is covered: surface types, contaminants and products are analysed, before the actual processes are laid bare. In the age of the internet and social media, a plethora of detailing knowledge is available online, yet it is strangely difficult to discover completely, or harness usefully. This book redresses the balance. Aimed at motoring enthusiasts, car mechanics, restorers, valets and those thinking of setting up a valeting/car detailing business and illustrated throughout with 268 colour photographs and 36 line artworks.

How to Design and Install In-Car Entertainment Systems-Jefferson Bryant 2009 The Ultimate Guide to In Car Entertainment presents the entire spectrum of audio/video, navigation, communication, and entertainment technology, and how the enthusiast can create a complete custom system or an integrated stock/aftermarket system. It explains how to a plan, select, integrate and install popular systems under a specific budget for a certain level of performance. This includes design and installation considerations for audio and video, such as DVD players, TV tunes, and video screens (in-dash, in-seat, overhead, rear truck, etc.) GPS navigation, video game systems (PS3, X-Box 360, and more), iPod integration with head units, satellite radio, digital audio broadcasting, car security and even computers (carputers). The book features how-to installations, thorough explanations of professional only builds, descriptions of hook-ups, mechanical upgrades, such as charging systems, and a comprehensive resource guide.

Modern Engine Blueprinting Techniques-Mike Mavrigian 2013 Engine production for the typical car manufactured today is a study in mass production. Benefits in the manufacturing process for the manufacturer often run counter to the interests of the end user. What speeds up production and saves manufacturing costs results in an engine that is made to fall within a wide set of standards and specifications, often not optimized to meet the original design. In short, cheap and fast engine production results in a sloppy final product. Of course, this is not what enthusiasts want out of their engines. To maximize the performance of any engine, it must be balanced and blueprinted to the exact tolerances that the factory should have adhered to in the first place. Four cylinder, V-8, American or import, the performance of all engines is greatly improved by balancing and blueprinting. Dedicated enthusiasts and professional racers balance and blueprint their engines because the engines will produce more horsepower and torque, more efficiently use fuel, run cooler and last longer. In this book, expert engine builder and veteran author Mike Mavrigian explains and illustrates the most discriminating engine building techniques and perform detailed procedures, so the engine is perfectly balanced, matched, and optimized. Balancing and blueprinting is a time consuming and exacting process, but the investment in time pays off with superior performance. Through the process, you carefully measure, adjust, machine and fit each part together with precision tolerances, optimizing the design and maximizing performance. The book covers the block, crankshaft, connecting rods, pistons, cylinder heads, intake manifolds, camshaft, measuring tools and final assembly techniques. For more than 50 years, balancing and blueprinting has been an accepted and common practice for maximi

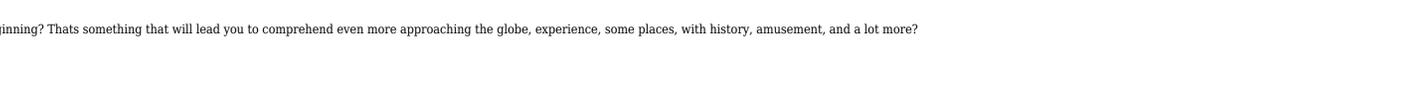

Critical Communication Studies-Hanno Hardt 2008-02-22 The development of communication studies has been a lively process of adoption and integration of theoretical constructs from Pragmatism, Critical Theory and Cultural Studies. Critical Communication Studies describes the intellectual and professional forces that have shaped research interests and formed alliances in the pursuit of particular goals. Hanno Hardt reflects on the need to come to terms with the role of history in academic work and locates the intellectual history within the context of competing social theories. The book provides a substantive foundation for understanding the field and will be a major text in all courses dealing with communication history and theory.

Decline of Muslim States and Societies-Misbah Islam 2008-05-01 Any discussion about Islam these days bring about deep passions, both overt and latent. On both sides of the divide, the main common factor is that of fear. Apparently, this antagonism is between unequals. One side claims technological and material progress within a civilized society while the other claims righteousness of their cause and the spirit of their faith. All this has given rise to the phenomenon of "global heating" that has elevated the global temperature in terms of fear, intolerance, terrorism, and open warfare.

shogun-avel-o-ni-aylasi

Vehicle Dynamics and Control-Shahram Azadi 2021-04-01 Vehicle Dynamics and Control: Advanced Methodologies features the latest information on advanced dynamics and vehicle motion control, including a comprehensive overview of passenger cars and articulated vehicles, fundamentals, and emerging developments. This book provides a unified, balanced treatment of advanced approaches to vehicle dynamics and control. It proceeds to cover advanced vehicle control strategies, such as identification and estimation, adaptive nonlinear control, new robust control techniques, and soft computing. Other topics, such as the integrated control of passenger cars and articulated heavy vehicles, are also discussed with a significant amount of material on engineering methodology, simulation, modeling, and mathematical verification of the systems. This book discusses and solves new challenges in vehicle dynamics and control problems and helps graduate students in the field of automotive engineering as well as researchers and engineers seeking theoretical/practical design procedures in automotive control systems. Provides a vast spectrum of advanced vehicle dynamics and control systems topics and current research trends Provides an extensive discussion in some advanced topics on commercial vehicles, such as dynamics and control of semitrailer carrying liquid, integrated control system design, path planning and tracking control in the autonomous articulated vehicle

The Whales on the Bus-Katrina Charman 2020-08-06 Cranes on trains? Goats on boats? Dragons on wagons? Join in the fun with a host of colourful animals as they ride, soar, whizz and zoom on a whole range of exciting vehicles ... from tigers on gliders to ducks on trucks. Add to that a text to read aloud to the tune of 'The Wheels on the Bus' and ... What a combination! The whales on the bus ride round the town, Round the town, round the town. The whales on the bus ride round the town, All day long! Jam-packed with things on wheels and a whole lot of crazy creatures, this zany adventure provides endless fun for fans of planes, trains, cars, buses and animals of all kinds! Little ones will love singing along to the tune of a favourite nursery rhyme, with bold, colourful illustrations by the instantly recognisable Nick Sharratt and text by the talented Katrina Charman.

Scoundrel's Honor-Rosemary Rogers 2010-11-01 When her younger sister is abducted, strong-willed Emma Linley-Kirov will make a deal with the devil himself to rescue her. Devastatingly handsome, Dimitri Tipova is a scoundrel, seducer...and the only man who can help her, though his motive is cold, hard vengeance. Emma dares to trust him, but at what price? As prince of Saint Petersburg's underworld, Dimitri has wealth, power, women—everything but revenge against his nefarious father. Emma is an enchanting means to an end. But as their dangerous pursuit sweeps them from the ballrooms of Russia to the steamy streets of Cairo, his savage desire for her grows. And leads him to a crossroads between his dark obsession...and the promise of love.

Best of British Bikes-Jim Reynolds 1990 A guide to Britain's motorcycle history, giving the history and description of various motorbikes and including the experiences of the present-day owners.

Unworthy-Anneli Rufus 2014-05-15 "Self-loathing is a dark land studded with booby traps. Fumbling through its dark underbrush, we cannot see what our trouble actually is: that we are mistaken about ourselves. That we were told lies long ago that we, in love and loyalty and fear, believed. Will we believe ourselves to death?" —from Unworthy As someone who has struggled with low self-esteem her entire life, Anneli Rufus knows only too well how the world looks through the eyes of those who are not comfortable in their own skin. In Unworthy, Rufus boldly explores how a lack of faith in ourselves can turn us into our own worst enemies. Drawing on extensive research, enlightening interviews, and her own poignant experiences, Rufus considers the question: What personal, societal, biological, and historical factors coalesced to spark this secret epidemic, and what can be done to put a stop to it? She reveals the underlying sources of low self-esteem and leads us through strategies for positive change.

Wedding of the Season-Laura Lee Guhrke 2010-12-28 "Fresh, fabulous and ravishingly romantic, Wedding of the Season is one of the best romances of the season! Laura Lee Guhrke has earned a permanent spot on my keeper shelf." —Teresa Medeiros The first book in New York Times and USA Today bestseller Laura Lee Guhrke's delightful "Abandoned at the Altar" historical romance series—featuring the amorous exploits of three sexy dukes and the ladies who capture their hearts—Wedding of the Season is the story of the perfect match that wasn't, when William James Mallory reluctantly leaves Lady Beatrix, his bride-to-be, behind to pursue a once-in-a-lifetime opportunity. A deliciously sensuous Victorian romance, Wedding of the Season is pure Guhrke gold—and the reason why perennial bestseller Christina Dodd insists that, "Laura Lee Guhrke is always a delight to read," and historical romance superstar Julia Quinn says, "I adore everything she writes."

Sun Dance-Fred Grove 2003 Frank Chesney leads a group of soldiers into Comanche territory to rescue a kidnapped white woman.

One-Punch Man, Vol. 21-ONE 2020-10-06 Life gets pretty boring when you can beat the snot out of any villain with just one punch. Nothing about Saitama passes the eyeball test when it comes to superheroes, from his lifeless expression to his bald head to his unimpressive physique. However, this average-looking guy has a not-so-average problem—he just can't seem to find an opponent strong enough to take on! The curtain rises on the big battle between the Monster Association and the heroes! As the Class-A and lower-ranked heroes engage in intense battle, the Class-S crew is able to take out a horde of monsters in one fell swoop before invading farther underground. Among them, Flashy Flash demonstrates splendid battle prowess against ninja turned monsters!

Reckless-Anne Kristine Stuart 2011 After he loses his faith, Adrian Alistair Rohan engages in the seduction and debauchery of beautiful women, until he meets Charlotte Spenser, an enchanting woman who turns the tables by seducing him. (romance).

How to Drive-Ben Collins 2016-05-03 Here's the ultimate guide to being the best—and safest—driver possible. And an absolute must for everyone with a learner's permit. Former Top Gear Stig and professional driver Ben Collins shares expert skills culled from a twenty year career as one of the best drivers in the world, famous for racing in the Le Mans series and NASCAR, piloting the Batmobile, and dodging bullets with James Bond. Refined over thousands of hours of elite-level performance in the physics of driving, his philosophy results in greater control and safer, more efficient and fun driving for all skill levels.

All of Me-Anne Murray 2010 Autobiography of Anne Murray: tells of the Canadian singer's life from her origins in a coal mining town in Nova Scotia to her arrival on the world stage.

How to Live Japanese-Yutaka Yazawa 2018-10-11 From Miyazaki to mountains, sake to sparking joy, find your Zen and make time to learn about how to live Japanese. Whether it's the cutting edge of film-making, revolutionizing the whisky market or competing with parents on lunchboxes, you'll be all the better for some time spent with How to Live Japanese. With nearly 60 per cent of us living in cities, the mega-city of Tokyo, through centuries of raze and rebuild, is surely the guiding light for how we can live together amicably in an ever-urbanising world. Not only is Japan the mother of all metropolises' but with two thirds of the country covered in forest, there is still much respect and celebration of the natural world, with people perfectly placed to make the most of the green space around them. From the art of making tea, to going for a hike, or celebrating imperfections, there are ceremonies the Japanese have been honing for centuries that thrive alongside modern traditions and practices of well-being. From Japanese writer, Yutaka Yazawa, this is the ultimate insider's guide to the country of Japan, full of inspiration and insight to help you experience the very best of Japanese design, cookery, philosophy, and culture. So get outdoors, be gracious to your neighbour and start harmonizing your all too busy life.

My Friend Vincent-Berslav Lončarević 2015

The Other Side of Grief-George E. Vandeman 1986

Velocette Motorcycles - MSS to Thruxton-Rod Burris 2010-09-15 This book includes the definitive development history of the most famous Velocette motorcycles, based on the author's earlier work, and the most comprehensive appendices ever published on this historic marque.

Lined and Grid Notebook-Everyday Organization 2019-05-05 Super handy lined and grid notebook can be used to record notes, drawings, sketches, charts or diagrams. Perfect for big ideas, thoughts, dreams and to-do lists. Featuring a glossy, soft front cover. Inside, cream, unnumbered, lightly lined and grid pages. Lined pages on the right hand side and grid pages on the left. Makes for an excellent gift. Measures 6" x 9". 130 pages.

ArtUReady?-Ola Gilkey 2017-08 ArtUReady? is a Spiritual, encouraging non-fiction book relationship book that offers advice, redemption and comfort through the Word of God. Eclectic colorful paintings and poems help with understanding and accepting the love of miscommunication and recovery. Blessings and tragedy are the glue that promotes maturity, intimacy and self discovery, grow and mature your relationship and realize a union worth fighting and working to enjoy. Receive your gift of grace, love, forgiveness and faith and share the same with your husband.

The Tudor Conspiracy-Christopher Gortner 2013-07-18 Bristling with treachery, death and intrigue, THE TUDOR CONSPIRACY is as fast-paced and thrilling as THE TUDOR SECRET, its predecessor in the ELIZABETH'S SPYMASTER series. 1553: Harsh winter falls across the realm. Mary Tudor has become queen and her enemies are imprisoned in the Tower, but rumours of a plot to depose her swirl around the one person many consider to be England's heir and only hope— her half-sister, Princess Elizabeth. Brendan Prescott's foe and mentor, the spymaster Cecil, brings news that sends Brendan back to London on a dangerous mission. Intent upon trying to save Elizabeth, he soon finds himself working as a double-agent for Mary herself. Plunged into a deadly game of cat-and-mouse with a shadowy opponent who hides a terrifying secret, Brendan races against time to retrieve a cache of the princess's private letters, even as he begins to realize that in this dark world of betrayal and deceit - where power is supreme and sister can turn against sister - nobody can be trusted. "Gortner has again produced a richly detailed book that is hard to put down." Historical Novels Review on THE QUEEN'S VOW.

Velocette-Rod Burris 1982

Hidden Current-Sharon Hinck 2020-01-14 The dancers of the Order direct their floating world of Meriel with their movements, but are they steering it toward destruction? Calara spent her life learning dance patterns and seeking to become the perfect servant to her people. When she discovers the work of the Order is built on lies, she flees with a rough-edged herder, Brantley of Windswell. Pursued by soldiers, her journey through the suffering villages of the rim leads her to a forgotten truth that sends ripples through her world-and through her soul. Calara seeks clues to her forgotten family and discovers newfound courage in the face of danger, while her quest awakens a growing but forbidden affection for Brantley. Yet even his support can't fully be trusted, since he'd rather destroy the Order than bring reform. She is a lone woman facing opposition from rim villages and treachery from the all-powerful Order. Can she restore the dance to its true purpose and bring freedom and hope to her people?

The Phoenix-Joseph Nigg 2016-11-04 An "insightful cultural history of the mythical, self-immolating bird" from Ancient Egypt to contemporary pop culture by the author of The Book of Gryphons (Library Journal). The phoenix, which rises again and again from its own ashes, has been a symbol of resilience and renewal for thousands of years. But how did this mythical bird come to play a part in cultures around the world and throughout human history? Here, mythologist Joseph Nigg

presents a comprehensive biography of this legendary creature. Beginning in ancient Egypt, Nigg's sweeping narrative discusses the many myths and representations of the phoenix, including legends of the Chinese, where it was considered a sacred creature that presided over China's destiny; classical Greece and Rome, where it appears in the writings of Herodotus and Ovid; medieval Christianity, in which it came to embody the resurrection; and in Europe during the Renaissance, when it was a popular emblem of royals. Nigg examines the various phoenix traditions, the beliefs and tales associated with them, their symbolic and metaphoric use, and their appearance in religion, bestiaries, and even contemporary popular culture, in which the ageless bird of renewal is employed as a mascot and logo. "An exceptional work of scholarship."—Publishers Weekly

Popular Hits of the Showa Era: A Novel-Ryu Murakami 2011-01-31 From the author of Audition, a wickedly satirical and wildly funny tale of an intergenerational battle of the sexes. In his most irreverent novel yet, Ryu Murakami creates a rivalry of epic proportions between six aimless youths and six tough-as-nails women who battle for control of a Tokyo neighborhood. At the outset, the young men seem louche but harmless, their activities limited to drinking, snacking, peering at a naked neighbor through a window, and performing karaoke. The six "aunties" are fiercely independent career women. When one of the boys executes a lethal ambush of one of the women, chaos ensues. The women band together to find the killer and exact revenge. In turn, the boys buckle down, study physics, and plot to take out their nemeses in a single blast. Who knew that a deadly "gang war" could be such fun? Murakami builds the conflict into a hilarious, spot-on satire of

modern culture and the tensions between the sexes and generations.

Roland's Path-R. J. Hanson 2019-03-20 Vanity has a high price. A price paid by kingdoms, tribes, and peoples. Now swords, once pledged to justice, rust on the altars of the self-righteous.This is the tale of a young man in his quest for fame and glory. However, those goals pale next to his desire to earn his father's approval. This is the beginning of a legend and the path to salvation for a generation.Filled with shame, Roland seeks the aid of his childhood friend on an adventure in search of redemption. With some unlikely help, they may indeed find redemption for themselves and a nation. They also discover what Fate never intended.The following is based on actual events. Events shared by good friends during a pen and paper RPG campaign spanning more than two decades. Names of characters and locations have been changed for the sake of copy right, and embarrassment, of the aforementioned friends.
